About Us

At Georgian Bay Granite, we utilize cutting-edge equipment to ensure that cutting granite flagstone is easy, affordable, and precise. Our team which operates like a family, is passionate about providing personalized service. Utilizing a set of three advanced saws, we are capable to craft custom granite products in various shapes and sizes. Our stone is locally sourced from our own quarry and manufactured on site. This flexibility enables us to meet the dynamic needs of our clients and cater to the unique demands of their landscape or interior design projects. For all your custom granite cutting needs, look no further than Georgian Bay Granite, where we focus on enhancing the aesthetic appeal and durability of your living environments.
